

GSP ROVER

A MOBILE SPORTS PERFORMANCE EXPERIENCE

CHECK OUT THIS
VIDEO WALK-THROUGH

THE GSP ROVER IS A FIRST OF ITS KIND, HIGH-TECH AND INNOVATIVE MOBILE SPORTS PERFORMANCE TRAINING UNIT FOR ATHLETES, EVENTS, FACILITIES, ATHLETIC DEPARTMENTS AND TEAMS.

WHAT'S THE GSP ROVER

The **GSP Rover** is a first of its kind mobile sports performance unit providing access, exposure and services typically reserved for professional teams and major colleges that include best in class electric cryotherapy, movement screenings and assessments, recovery solutions, performance programming, virtual reality training and additional sport technology.

The **GSP Rover** literally delivers industry leading resources directly to you on your home field, turf, or court. *A team with GRIT can achieve anything!*

WHAT'S ON BOARD

ELECTRIC CRYOTHERAPY

- Recover with the same state of the art system that's currently installed at University of Alabama, Clemson University and other major college/pro facilities

HYPERICE RECOVERY LOUNGE

- Relax and recover in our Hyperice Athlete Recovery Lounge featuring an array of recovery solutions and tools like Normatecs, Hypervolts and more.

INNOVATIVE TRAINING LAB

- **Connect, engage, and inspire your team.** Train in some of the latest sport tech offerings like virtual reality, biomechanics, return to play, reactive vision training and more.

MOVEMENT SCREENINGS

- Receive a movement assessment, screening and diagnosis to identify any areas of concerns and to ensure your team is ready for whatever season you're in!

HOW TO GET THE GSP ROVER FOR YOUR TEAM

Having the **GSP Rover** on your campus won't cost your athletic department a single penny with our Team and Athletic Department Partnership Program!

1 Schedule a virtual or in-person demo to experience the **GSP Rover** for yourself!

2 Decide if your team or school best benefits from a 1 Day, Weekly, or Seasonal GRIT Partnership!

3 Watch the **GSP Rover** roll up to your school and your athletes Win With GRIT!
